Our Speakers

ROB MYERS is Director of the University of Missouri Center for Regenerative Agriculture and an Extension Professor in the Plant Science and Tech. Division.

HUMBERTO BLANCO is a Professor of Soil and Water at the University of Nebraska-Lincoln. Dr. Blanco is assessing no-till, reduced till, and conventional till impacts on soil physical and hydraulic properties and soil C in different environments.

JON PATTERSON operates Patterson Farms Inc in Auburn, NY, a sixth-generation farm. Jon is also the Environmental Chair of Northeast Dairy Producers Association and will be the host of the 2024 North American Manure Expo.

SCOTT POTTER owns Dairy Support Svc Co. in central New York. They operate an extensive manure management fleet and have been in the manure application business for the past 30 years.

NICHOLAS WARREN is a Research Associate in Agroecology and the University of New Hampshire.

KIRSTEN WORKMAN leads extension programming and applied research for Cornell's PRO-DAIRY program.
