

THE FIELD STUDENT ROLE

- Students participate in the field application process within the schedule provided and within the field education coordinator's written and stated guidelines.
- Students read the field education policies on the Department of Social Work's webpage and will utilize this guidance when needed.
- Students consult the field syllabus (also on the webpage) and understand the student expectations and the related assignment and grading practices.
- Students demonstrate professional behavior at all times
- Students are responsible for getting to and from their agency and for incurring any transportation expenses associated with that.
- Students meet with their faculty field liaison for all scheduled field seminars and meetings during the semester.
- Students submit field experience evaluations at the end of the academic year.
