Project Title:

Faculty Verification of Project Completion

I verify that _____ has completed the project for which s/he/they received FOUR funding.

_____ Faculty
name Faculty signature Date

Reflective Essay

Please attach a brief (500-word) reflective essay discussing your research, scholarly, or creative experience. This is not a research report. Describe your tasks and daily activities, what you learned, and how the project impacted your current studies and/or future career goals. Answer directly: what were the skills that you developed and learning objectives that you met? (note: review your original application for inspiration).

Please return this form to Fellowships, Opportunities, & Undergraduate Research Office (four@uvm.edu) AS A PDF.

We also request that you provide a photo of you doing your project –it will be used for promotional materials, but will not be used in conjunction with your full name.
