PASS/NO PASS

D With the approval of their advisors, undergraduate degree students may elect to take courses on a pass/no pass basis. Students must complete all work normally required in these courses to receive full credit toward graduation for passing them. Courses in the student's major department, either for the major or for the degree, and electives within the distribution requirements of a department may not be taken on a pass/no pass basis. Non-degree students may not take courses as pass/no pass. Please refer to the University Catalog for other restrictions regarding this grading mode. Any question about a course or courses being appropriately elected as pass/no pass for a student will be resolved by the student's dean.
