

# CHEM 31E (91202): General Chemistry Fall 2016

## I. Lecture

**Lecturer:** Erik Ruggles, Ph.D.

**Office:** A237 Cook

**Email:** [Erik.Ruggles@uvm.edu](mailto:Erik.Ruggles@uvm.edu)

**Office Hours:** T Th: 10am-12pm, 2pm-4pm  
W: 2pm-6pm  
or by appointment

**Lecture Time:** T Th 4:25 – 5:40 pm

**Location:** Billings Ira-Allen I101

**Lecture:** The lecture each week will be used to cover new material and concepts along with sample problem solving. Live lecture notes I present in class will be posted on Blackboard (BB) after each class.

**Textbook:** “Chemistry An Atoms-Focused Approach” 3<sup>rd</sup> Ed., by Gilbert (Full text ISBN: 978-0393912340) can be purchased at the UVM bookstore. The solutions manual comes with the text and has the complete solutions to all the assigned problems. The study guide while not required can be a great help during problem solving.

**Problems:** Problem sets and Smartwork exercises will be assigned after each lecture and a complete list for the textbook can be found on page 5 of the Syllabus. I strongly encourage you to do as many problems as possible, the more you practice the better you will get. Also posted in Course Materials on BB, blank old exams from my 2014 and 2015 classes as well as their answer keys. These are a great way to evaluate what you understand and what you do not. Remember though that test questions will change but the format and concepts will remain the same. ***Do not study with just the old exams!*** Also there are sample homework problem videos posted for extra “at-home” help.

**Recitations:** Throughout the semester I will also hold recitations on Wednesday evenings from 6:40-7:40 pm in Marsh Life Sciences 235. The Sunday before a mid-semester exam I will hold an exam review session from 7:00-9:00 pm in Billings I101. Also, the class before the exam a review session will be held instead of the standard lecture. These problem sessions are meant to address your questions about lecture topics and/or homework problem solving, so come prepared.

**Homework Quizzes:** There will be ~ten homework quizzes through out the semester. These assignments will be end-of-chapter SmartWorks exercises. You will have several days to complete each assignment, but I would not wait until the last moment.

**Exams:** The exams are scheduled to be ***Wednesday evenings from 6:40-9:40 pm in Billings Ira-Allen I101.*** There are no scheduled make up dates. While taking the exams only non-programmable non-graphing calculators are permitted. No other electronic devices are allowed (i.e. no cell phones, mp3 players, ipods, etc.). It is the responsibility of the student to bring a non-programmable non-graphing calculator to the exams, since there will be no extras provided. ***Students caught using any other electronic device other than a non-programmable non-graphing calculator will receive a zero for the exam.***

**Exam 1** September 21

**Exam 4** November 30

**Exam 2** October 12

**ACS** December 7 (extra credit)

**Exam 3** November 2

**Final** December 12 (Billings I101; 4:30-7:15 pm)

## II. Laboratory

**Lab Manuals:** All experiments can be found online on your lab's BB website as individual pdfs. Please make sure you ***print out each experiment and bring to lab.***

**Lab Notebook:** A notebook with carbon-less copies is required for recording lab data. All data is to be recorded in ink (not pencil). A carbon-less copy lab notebook can be bought at UVM's bookstore.

**Safety Eye Wear:** Everyone in the lab must wear OSHA approved (EZ87stamped) safety glasses or goggles once any experimentation has been started. Students not observing this rule will receive a **ZERO** for the experiment, warnings will not be given. Safety eyewear can be purchased at the UVM bookstore or in Cook A143. ***Contact Lenses are a potential health hazard and can be worn in the laboratory only if no other types of corrective lenses are available. If you have to wear contact lenses then you must wear goggles and please let your TA know.***

**Footwear:** Only shoes that cover fully the toes are permitted in lab. Sandals, flip-flops and any other open toed shoes are not permitted. You will be asked to change your shoes or receive a **ZERO** for the experiment.

**Breakage Card:** A breakage card (\$40.00) must be purchased prior to your first lab from the first floor stockroom in Cook A143. It is advisable to purchase this as soon as possible to avoid waiting in yet another line. The \$40.00 is refundable and if you avoid breaking your equipment you will get all of it back. Remember to not leave home without it, as you must have it with you to be admitted into the lab.

**Prior to Start of Lab:** Purchase your lab manual, lab notebook, breakage card, and safety glasses. Also, on Blackboard review and complete the Safety Presentation and Safety Quiz. ***If you have not purchased or completed these items you will not be able to begin the lab portion of the course.***

**Attendance:** Students must attend the lab section they are assigned to. If more than two labs are missed you will receive an **F** for the course. Only the academic dean of your college may grant an incomplete. An unexcused absence will result in a **ZERO** grade for the laboratory experiment. Official documentation of sickness or a family crisis is required for an excused absence. If there is a need to reschedule your lab time to one that is not your assigned time you must obtain permission from me a week in advance.

**Lab Videos:** Prior to attending your lab it is mandatory to view the video that accompanies the lab. These videos demonstrate the proper use of new equipment and the safe handling of chemicals. Videos can be found at <http://www.uvm.edu/~chem/courses/?Page=31Videos.html>.

### III. Course Grade

#### Percent Ranges for Grades:

A+ ≥ 96	A ≥ 90	A- ≥ 88	B+ ≥ 85	B ≥ 80	B- ≥ 77	C+ ≥ 72
C ≥ 65	C- ≥ 63	D+ ≥ 60	D ≥ 56	D- ≥ 53	F ≤ 51	

#### How to Calculate Your Points:

1) Class = **800 total points** (80% of grade; exams and homework)

Exams = **500 points** (100 points/exam; unweighted)

500 exam points X 1.44 = **720 weighted exam points**

SmartWorks Homework = **80 points**

Only five grades are counted for your class points. If your final is your lowest grade it will count only as one unit. If one of the hour exams is your lowest grade then your final will count as two units. The lowest hour exam grade will be replaced by the grade on the final. If you are absent from an exam official documentation of sickness or family crisis is required or you will receive a **ZERO** for the exam. Students with legitimate excuses will be permitted to take the exam early. Except in very unusual circumstances makeup exams will not be administered after the scheduled exam time.

#### Example 1:

	Exam 1	Exam 2	Exam 3	Exam 4	Final	HW
Actual:	85	45	78	77	75	70
Counted:	85	75	78	77	75	70

Exam Points = 390 x 1.44 = 561.6 weighted exam points

Class Total Points = 561.6 (weighted) + 70 (HW) = 631.6 points

#### Example 2:

	Exam 1	Exam 2	Exam 3	Exam 4	Final	HW
Actual:	67	78	76	69	62	55
Counted:	67	78	76	69	62	55

Exam Points = 352 x 1.44 = 506.88 weighted exam points

Class Total Points = 506.88 (weighted) + 55 (HW) = 561.88 points

2) Laboratory = **200 lab points** (20% of grade)

Prelab (2 pts/per)	20 points
Lab Reports (10 pts/per)	100 points
Prelab Quizzes (8 pts/per)	+ <u>80 points</u>
	200 points

(Obtained from the lab TA, the average grade is normally an 80% or 160 points)

3) Course Grade Determination

Add up your points from class and lab and then use the chart at the beginning of this section to determine your course grade.

Example 1:

$$\begin{array}{r} 631.6 \text{ class points} \\ + \quad \underline{160 \text{ lab points}} \\ \hline 793.6 \text{ total points}/1000 \text{ points} = 79.4\% \text{ B-} \end{array}$$

Example 2:

$$\begin{array}{r} 561.88 \text{ class points} \\ + \quad \underline{160 \text{ lab points}} \\ \hline 723.88 \text{ total points}/1000 \text{ points} = 72.4\% \text{ C+} \end{array}$$

## Academic Integrity

**Offenses against the Code of Academic Integrity (i.e. cheating) are deemed serious and insult the integrity of the entire academic community. Any suspected violations of the code are taken very seriously and will be forwarded to the Center for Student Ethics and Standards for further investigation.**
