Ideas with Passion

 **Saeco**

Getting Started with your new Saeco Aroma

Please check the contents of your box for the following items:

- 1 Saeco Aroma
- 1 Pressurized Portafilter
- 1 measuring scoop
- 1 User Manual

DO NOT turn machine on until water has been added to water tank.

The ability to enjoy delicious espresso drinks has never been easier. Get ready to experience pure espresso nirvana.

Follow these four simple steps:

1. Add Water
2. Plug in Aroma
3. Prime Aroma
4. Add Ground Coffee

Step 1 - Add Water

- Remove Water Tank and fill tank with water (see figure 1)
- Replace water tank on back of machine and insert hose into tank

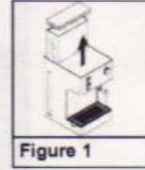

Figure 1

Step 2 - Plug in Aroma

- Plug power cord into outlet

Step 3 - Prime Aroma

- Point steam / hot water wand over the drip tray
- Turn machine on by pushing the main switch
- Turn the steam / hot water knob counter-clockwise and press the brew switch
- Allow 4 oz. of water to flow from the steam / hot water wand for about 30 seconds (see figure 2)
- Turn the knob clockwise to stop water flow

Figure 2

Step 4 - Add Ground Coffee

- Place ground coffee inside Portafilter and gently tamp (see figure 3)
- Place Portafilter in the brew head by pushing it upwards and turning right

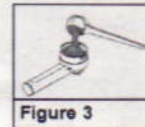

Figure 3

Now you are ready to enjoy delicious fresh brewed espresso from your new Saeco Aroma.

Simply

- Place cup under brew head
- Press the brew switch
- Experience pure espresso nirvana

It is our wish that you will discover the every day joys of espresso with your new Aroma. Should you ever have any questions or concerns, please do not hesitate to contact us, we love to hear from our customers. We have a highly trained staff of coffee experts who will be happy to guide you on your journey to experiencing the perfect cup of espresso.

Please read the entire Quick Start Guide before operating machine. For more detailed instructions on how to operate the Aroma, please refer to the user manual.

If further assistance is needed,
please contact Saeco Customer Service
Please do not return this machine to the Retailer.

Saeco USA Limited Warranty

Saeco USA Limited Warranty covers all defects in workmanship or materials in the mechanical and electrical parts, arising under normal usage and care, in this Saeco USA product for a period of 1 (one) year from the date of purchase. During the applicable warranty period under normal household usage and care, Saeco USA will repair or replace, at their discretion, any mechanical or electrical part which proves defective, or replace product with a comparable model. The warranty covers normal consumer use. It does not cover damage that occurs in shipment or results from alterations, modification, accident, misuse, abuse, neglect, water quality, commercial use, or improper maintenance. This warranty does not cover damages caused by unauthorized repairs. A valid proof-of-purchase must be provided prior to any warranty service being rendered. All warranty returns must have a Return Authorization Number before being returned to Saeco USA. Any machine without a valid Return Authorization Number will be refused and returned at the sender's expense. Product is intended for household use only. Any commercial use voids the warranty. This warranty gives you specific legal rights, and you may also have other rights, which vary from state to state.

IMPORTANT! Saeco products sold on auction, EBay or by any other unauthorized Saeco USA dealers will not carry any warranty coverage, expressed or implied.

For more on Saeco USA's limited warranty please call Saeco Customer Service at 800.933.7876 or email info@saeco-usa.com.
